

LIVERPOOL

Once a simple fishing village dating back to 1207 when King John granted the town charter Liverpool has grown into one of the most important cities in the United Kingdom.

Through it's history Liverpool has seen many changes from being one of the most important trading points in the world to the scene of the 'Swinging Sixties' when the 'Fab Four' the Beatles stormed the pop scene.

In recent years regeneration of Liverpool has seen hundreds of millions invested into the Waterfront, the Albert Dock, and the fabulous Liverpool One Shopping Centre. With Museums and Architecture to rival London, Liverpool is a must see.
